

PRE-COMPLIANCE TESTING (PCT) LABORATORY

PCT Lab situated at AIC-AMTZ Medivalley Incubation Council is an affordable EMC pre-compliance testing facility which caters its services to incubates, innovators and manufacturers in the medical technology space. This lab is equipped with state-of-art equipment on par with the national & international standards. The test reports issued by PCT lab will provide an insight into potential EMC & Safety problems and ways to reduce the risk of device failure.

S. No	Description of Test	Standard	Amount (INR)
1	Radiated Emissions Test (CISPR 11)	(CISPR 11)	20,000.00
2	Conducted Emissions Test (CISPR 11)	(CISPR 11)	15,000.00
3	Radiated Susceptibility (IEC 61000-4-3)	(IEC 61000-4-3)	20,000.00
4	Electric Fast Transient Test (IEC 61000-4-4)	(IEC 61000-4-4)	15,000.00
5	Surge Test (IEC 61000-4-5)	(IEC 61000-4-5)	15,000.00
6	Conducted RF Immunity Test (IEC 61000-4-6)	(IEC 61000-4-6)	15,000.00
7	Electro Static Discharge (IEC 61000-4-2)	(IEC 61000-4-2)	15000.00
8	Basic Electrical Safety Testing (IEC60601-1)	(IEC60601-1)	5000.00
Total *			1,20,000.00

* GST extra as applicable

Highlights:

- 50% less than commercial testing laboratories
- Equipped with advanced test setups along with shield room
- Customer can witness the tests
- No extra cost for test reports
- Extended basic technical support for design modifications
